AND APPRAISALS
OF WATER-FRONT PROPERTIES

ASSOCIATED
GEORGE R. FRANKLIN

August 23, 1923.

Mr. J. C. Collier,
Barnesville, Ga.

PERSONAL

My dear Jena:

Your valued favor of the 20th inst. received and carefully noted.

You ask me to send you bill for advertising expenses incurred in the matter of the Piedmont proposition. I regret to say that I did not keep an accurate account of this advertising, and therefore it would be impossible for me to state with any degree of accuracy just what the sum would be. I recall several advertisements in the New York Herald, Times, Textiles, Daily News Record, Boston Globe, etc. In addition, we prepared and sent out from this office probably more than 250 2-page personally typewritten letters. However, as nothing has developed, so far, as a result of these efforts, I would suggest that this matter be allowed to rest as it is for the time being.

You also request me to send you bill for my services in connection with the deal made by the Collier Mills with the William Carter Company. I was so much interested in trying to effect a satisfactory and advantageous contract for you in this matter that I have not really given much thought to anything except the consumation of the negotiations. I really do not know what to say, and will be perfectly satisfied with whatever you and Durward honestly believe my efforts to have been worth in this matter.

We, also, have had some very hot weather here during the past two or three weeks, but today is quite pleasant. I sincerely trust that the cotton crop will turn out satisfactorily, and that you will be able to realize a large yield of cotton, and dispose of it at good prices.

With kindest regards to all the family, in which Adelia joins, believe me, as ever,

Faithfully yours,

Floyd S. Corbin
